NIGHTMARE WITH THE OPEN EYES

Night!

Nightmare!
With the open Eyes!

Is not a dream
your eyes are open
that what you see
are walking deads

Nightmare!
With the open Eyes!
you can't believe
the night of horrors
the human flesh
are walking there

Nightmare!
With the open Eyes!

a plague of hell
the living deads
extinction of
the human race

pieces of a body
by where you are walking
the other parts
falling from the hands
from a living dead
devouring his flesh

thousand
of them
in the
darkness
at the
midnight
devouring
human
bodies
Nightmare!

bodies alive
used like food
when midnight arrive
you know the true
plague of the hell
reviving the corpses
and they eating your arm
enjoining the food
doomsday of earth
demons arriving
the armagedon
the end of the human race

----- x2 -----
nightmare
with the open eyes
when the human race
exterminated by their deads
